

POSITIVE IMPACT WITH AI

If you run a Business then you likely need **Marketing Operations** to promote your **Products & Services** to a target audience.

and potentially...
Customers Support Operations
to assist your existing users.

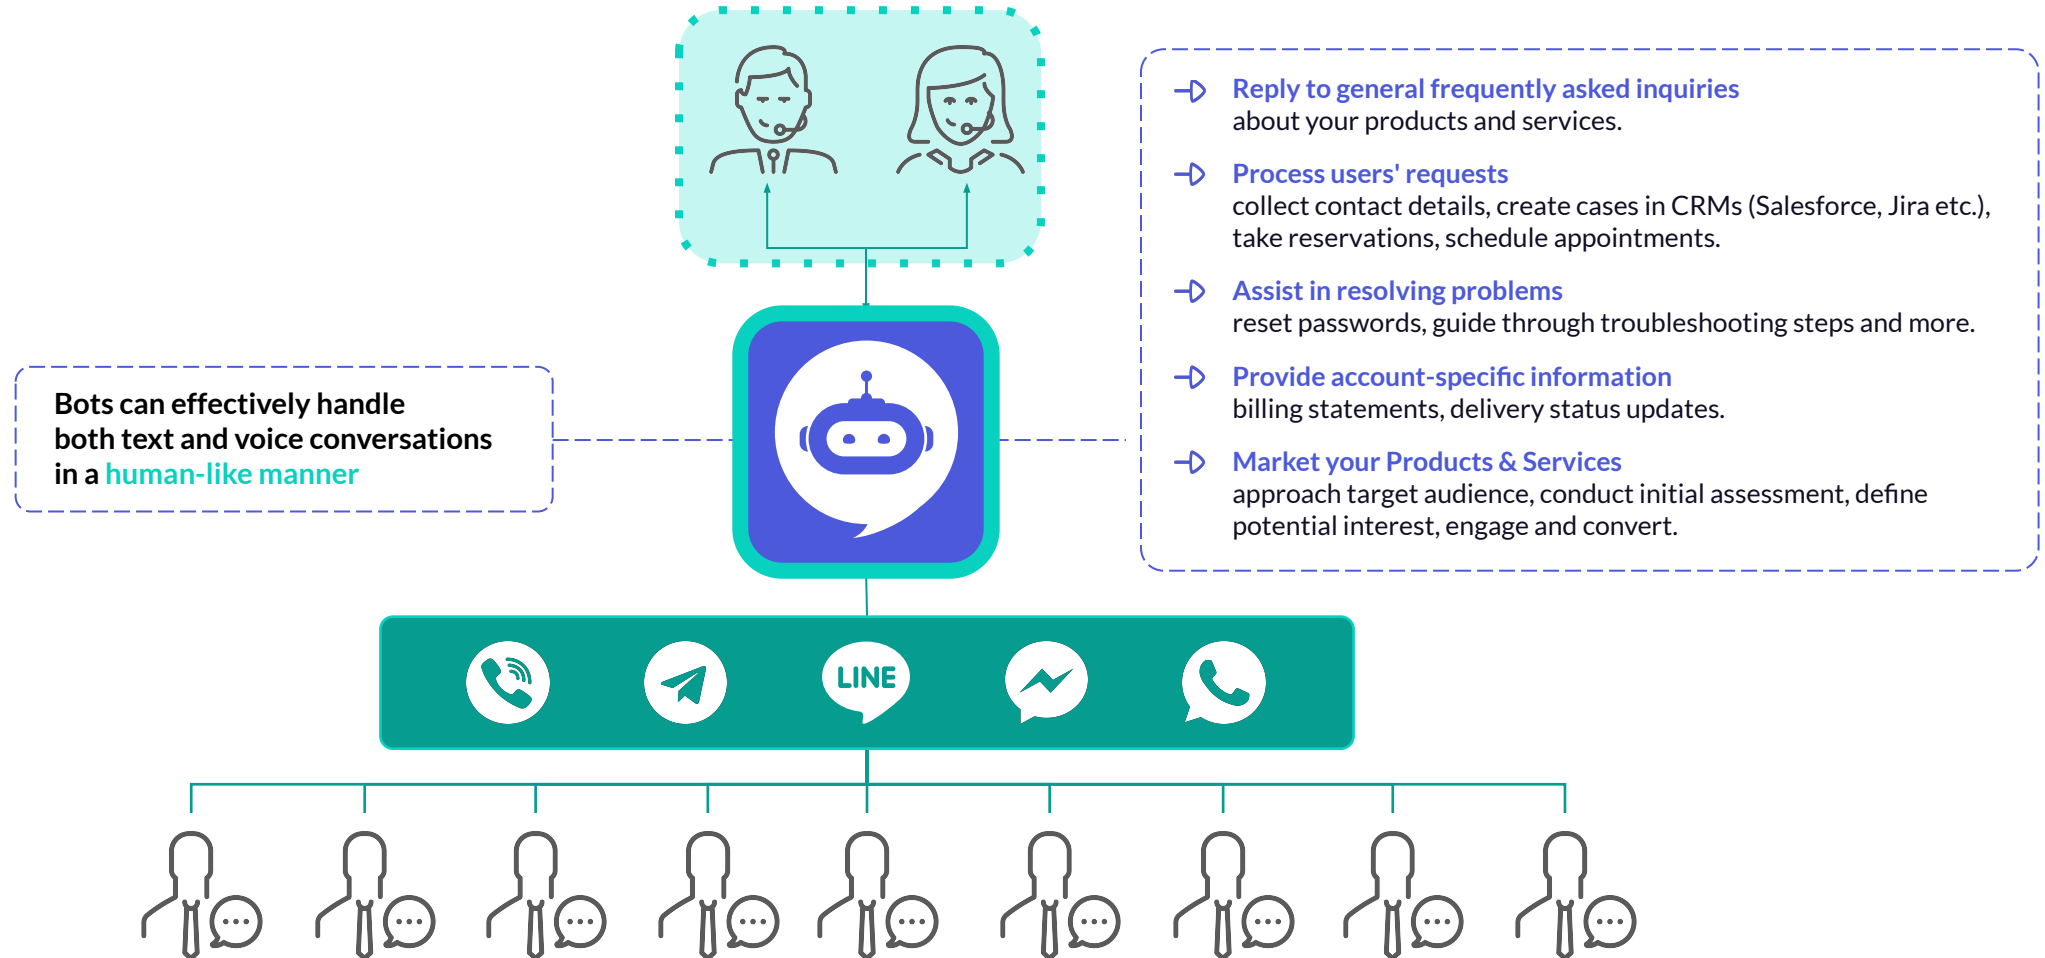

However, that could require major efforts:

and those activities often come with **significant costs...**

Did you know that AI Technology can **handle a large portion** of your Marketing and Support operations?

We create Solutions which can promote, market, support:

CUSTOMERS SUPPORT AUTOMATION

Support Chatbots
(non-voice solutions)

MARKETING AUTOMATION

Marketing Chatbots
(non-voice solutions)

Support Voicebots (voice solutions)

Sample: Hotel booking

Marketing Voicebots (voice solutions)

Sample: Offering repair services

That can help you to:

Scale Operations

Scale up or down your Support Operations easily. No need to spend time to hire or lay-off human agents - Technology is flexible and can serve as many or as little customers your evolving Business requires.

Serve your customers fast

Your customers will never have to wait to get information they need - support bots are available 24x7 and ready to assist your customers anytime.

Offload routine work from your Team

Voice/Chatbots can effectively handle repetitive questions allowing human agents to focus on complex cases only.

Optimize operational costs

The AI-powered solutions can help you to reduce your operational costs.

Depending on a nature of your business, bots can effectively take over around **60% - 80%** of your human workload associated with marketing and support operations.

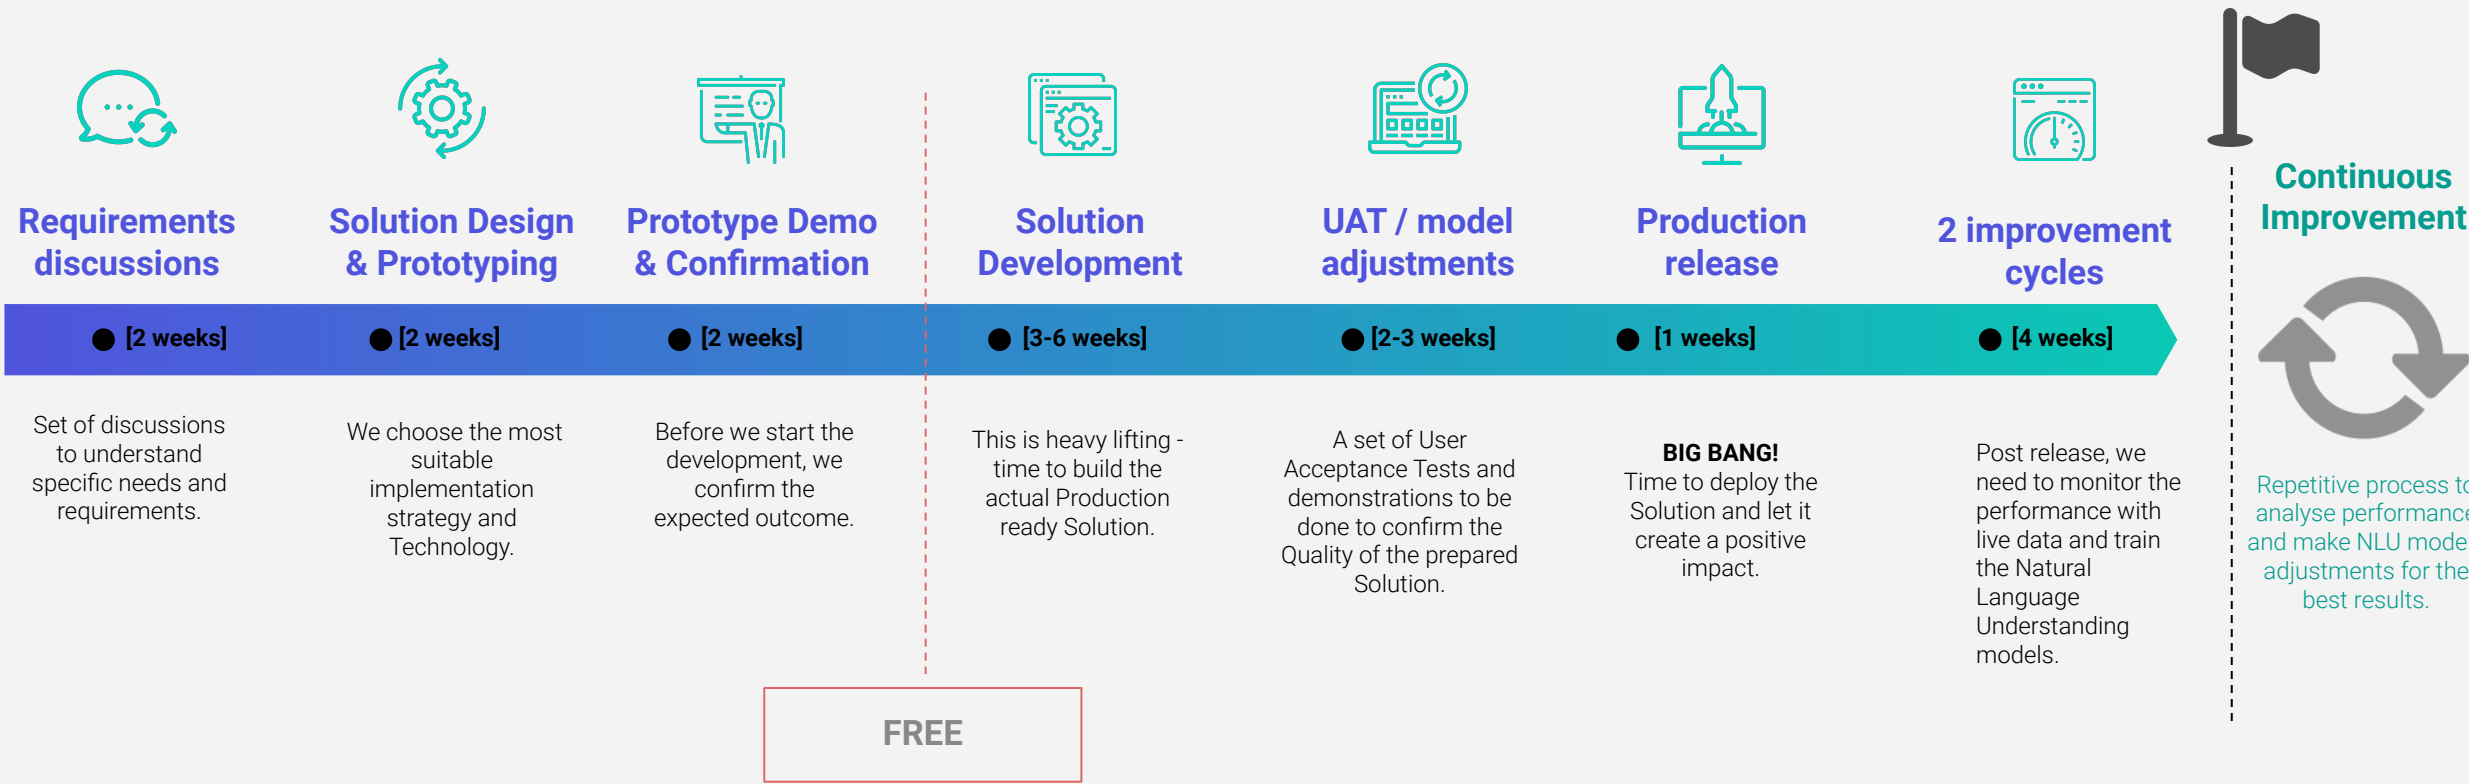

Disclaimer: the figures above are reference number only and can vary depending on a specific project!
